Self-Assessment Colour Review Cattle and Sheep Medicine

Philip R. Scott

Royal (Dick) School of Veterinary Studies, Edinburgh, UK

Description:

The latest addition to the highly regarded and respected series of Veterinary Self-Assessment Colour Review aims to cover all aspects of cattle and sheep medicine. The 222 illustrated clinical cases are divided equally between cattle and sheep. The cases appear randomly to reflect real life practice and are presented as integrated questions, photographs and detailed explanatory answers—to educate not just to test. The book will appeal to professionals in practice and in universities, and to veterinary students.

192 pp
